

COVID-19 Employee Occupational Health Screening

All staff & physicians must complete the SH-SS COVID-19 Staff Screening Tool daily.

If Occupational Health screening is required during regular business hours:

Facility staff should contact their facility Infection Control Practitioner (ICP) or designate.

Community and administrative program staff should contact: Regional Infection Control Coordinators, Paula Enns at 204-326-6411 ext. 2186 or Shelly Rempel at 204-326-6411 ext. 2190.

Your call will be returned within 24 hours.

There are no Occupational Health screening services available on stats and weekends. Staff are requested to call during weekdays for direction.
